

# PROFESSIONAL PERSONNEL

---

**WILLIAM H. KENNEDY, P.E.**

Project Engineer

## **EDUCATION:**

Bachelor of Science, Civil Engineering  
Michigan State University - 1972

## **PROFESSIONAL REGISTRATIONS:**

Mississippi - Professional Engineer #7167  
Louisiana - Professional Engineer #19652  
Florida - Professional Engineer #62688

## **PROFESSIONAL EXPERIENCE:**

Thirty-five years experience in the design of structural systems for commercial, municipal, industrial and military buildings.

Structural projects designed range in cost up to \$65,000,000 and include such building types as multi-level office buildings, churches, schools, hospitals, coliseums, libraries, condominiums, wastewater treatment facilities, shopping centers, industrial manufacturing facilities and bridges.

Structural systems designed include multi-story concrete and steel frames of all types, truss design in steel and wood, mill buildings, tilt-up concrete, prestressed concrete, load-bearing masonry, glulam and heavy timbers.

Civil project types include utilities, drainage, roads, underpass, prototype overland flow sewage treatment plant, subdivisions, studies and investigations.
